

HAVE FUN, RIDE SAFE

Wear a helmet for every ride
and use lights at night.

Always ride in the same
direction as traffic.

At stop signs and driveways,
look all ways for traffic before
riding into the street.

Check your bike before every ride.
Tell an adult if anything is broken
or wrong with your bike.

Obey all traffic signs and lights.

Make sure other drivers see you.
Be visible and make eye contact.

Always use hand signals when
stopping or turning.

When riding with others,
ride in a single file.
